Contents

To startup business in Japan, there are important things to be careful about hiring someone is essential to success. There is an important difference between hiring as a worker or contracting as a private vendor. This seminar will delve deeply into the advantages and disadvantages of both and provide a detailed explanation from a legal perspective.

<Takeaways from this seminar>

1. Business startups need to enlist the help of other persons.
2. There are two main ways to enlist the help of others:
(1) hiring them as workers, and (2) contracting them as independent contractors.
3. The difference between the above two methods and their merits and demerits.
